DETAILED ACTION

Allowable Subject Matter

1. The indicated allowability of claims 1-85 is withdrawn in view of the defective supplemental declaration. Rejections based on the defect(s) follow.

The Supplemental Declaration filed 5/24/05 is defective since it does not clearly identify at least one error. The declaration must identify at least one error being relied upon as a basis for the reissue and that it is indeed an appropriate error for reissue. If new claims are presented, their differences from the original claims must be pointed out. See MPEP 1414.

Reissue Applications

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-85 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."
